Congressional Black Caucus Spouses Community Breakfast & Health Fair

Join the Congressional Black Caucus Foundation’s Community Breakfast & Health Fair from 7:30-10:30 am on Sept. 21, 2023 at the Franklin Park (I Street between 13th and 14th Streets NW).

Founded by the Congressional Black Caucus Spouses, this partnership between the CBCF and a local transitional center provides services to 300 men and women who are unhoused and/or low income in Washington, D.C. At this event, CBC members, CBC spouses, sponsors, and CBCF staff serve breakfast while community partners provide health screenings to the attendees.

The health fair aims to include HIV/AIDS testing; screenings for blood pressure, prostate, diabetes, and glaucoma; flu shots; and dental and podiatry exams. Also included are wellness services including chair massages and haircuts. Additionally, because of the increase of women seeking services at the Community Breakfast, we will offer a specific area for women’s needs.

All attendees receive a care package of toiletries at the end of the event.

The Downtown Day Services Center offers on-site support for individuals experiencing homelessness by providing a multitude of services within a single point of access including showers, laundry, restrooms, phone, computers, emergency clothing, vital records, medical, harm reduction, and housing guidance.

Tigerlily is proud to participate as a partner in this event.

The Tigerlily Foundation has been out in the community sharing current research projects with top leaders and public health professionals. Research Manager, Virginia Leach, attended several conferences this year. In August, Virginia attended the 2023 American Society of Clinical Oncology (ASCO) Breakthrough Conference in Yokohama, Japan. Among 100 presentations, Virginia shared project insights detailing how Black women are delayed, dismissed, and denied care within and beyond the cancer continuum of care.

More specifically, she discussed the unique care challenges experienced by Black women during chemotherapy and radiation. Did you know that cancer patients and survivors can attend oncology conferences for free? If you are interested in attending, representing TLF, and meeting inspiring peers, please reach out to Virginia Leach at virginia@tigerlilyfoundation.org to learn how you can attend conferences.
